KENNETH G. BELL

Kenneth G. Bell

Kenneth G. Bell, 79, a long-time resident of Plymouth and well-known public servant is beginning his 19th term in the State Legislature and his 26th year as Grafton County Commissioner.

His lifetime of public service has been highlighted by his participation in state government. He originally served on the Agricultural committee and the Finance committee, and is now on the important and prestigious Appropriations committee, a position he has filled since, during his legislative service.

Mr. Bell served the town as selectman for 18 years and has been a member of the Men's Club for many years as well. He still found time to carry on home duties in farming.

In 1968 he was recognized at commencement exercises at Plymouth State College for his years of devoted service and was awarded the Granite State Award "for service in the highest tradition of responsible citizenship."

"Ken" Bell has never "high-pressured" any pieces of legislation for there has been no need. His manner and attitude have demanded the respect of all and he has always gotten the job done. His many years of faithful service speak for themselves in expressing the reason this Town Report is dedicated to him.

TOWN MEETING — MARCH 10, 1970

A legal meeting of the inhabitants of the Town of Plymouth was held in the Guy E. Speare Auditorium on Tuesday, March 10, 1970 and opened at 10:00 o'clock in the forenoon by the Moderator Atty. George T. Ray, Jr. reading from the 1970 warrant. It was voted to dispense with further reading of the warrant until 7:30 o'clock in the afternoon. Moderator Ray then declared the polls open to ballot on Articles 1, 2 and 3 and to close not earlier than 6:00 o'clock in the afternoon.

At 7:30 o'clock in the afternoon the meeting was opened with an invocation by Rev. Bayard Hancock followed by the salute to the flag. Moderator Ray then noted the dedication of this year's Town Report to Judge Luther Pollard in recognition for his many years of service to the Town of Plymouth. Judge Pollard was given a rising vote of thanks and in turn, thanked the citizens of Plymouth for making it possible for him to serve them.

PLYMOUTH MUNICIPAL AIRPORT

I would like to report to the citizens of Plymouth that the airport was host, last year, to approximately 500 itinerant aircraft. Many of the pilots commented favorably on the availability of a telephone. I wish to thank the Chamber of Commerce for providing this necessary and appreciated addition to the airport facility.

The new operations building is progressing nicely. Plans are to have it completed by the middle of next summer. I wish to acknowledge and thank all those who have contributed to this worthwhile project.

Although it is my considered opinion that the airport facility ought to be expanded and developed, I recognize the need for controlled spending in this day of escalating costs. Aside from the completion of the operations building the only additional improvement scheduled for next year is the possible installation of a gas pump. Incidentally, neither the gas pump nor the building will place any direct financial burden on the taxpayers of Plymouth.

Airport Manager

One more year has passed and we find a helpful message under state and local law which states that all oil burning units and oil storage over 5 gallons shall require a permit.

The installer is liable for this, but if you have any doubt of the permit not being obtained contact this department. If this law is not complied with it could affect insurance payment in case of fire loss.

Hope this information will enlighten you on one aspect of fire law. If we at the Fire Department can be of assistance please feel free to call on us.

LOUIS A. SLEEPER, Fire Chief

ANNUAL REPORT
Year Ending December 31, 1970
DONATED FOOD PROGRAM

The current donated foods program of Plymouth has completed its first full year of operation. More and more people are seeking this assistance and without the volunteer help of many individuals and groups, it would be impossible to continue the operation of the program.

The total number of individuals being served has increased from 74 in January to 94 in December with approximately 20 more people seeking certification for January 1971. However, the total number of persons who received food at least once during the year was much larger: 173 (including 56 family units). Only 11 families received the foods for all 12 months. Ten families, who experienced temporary hardships, applied for the foods for only one month.

The average number of different food commodities received for distribution was fifteen. Most of these were staples such as: flour, corn meal, cereals, dry milk, dry potatoes and powdered eggs. People also received canned meats, canned vegetables, butter and sometimes cheese.

Guidelines for eligibility are set by Federal and State agencies. The State delivers the commodities to the Grafton County Commissioners who in turn deliver them to the Town of Plymouth. Local storage and distribution is done at the Plymouth Congregational Church. Distribution is normally held on the Friday evening prior to the 25th of the month.

We wish to thank the following for their help:

- The Congregational Church
- The Service Committee from Holderness School
- Plymouth Boy Scouts and Explorers
- Lambda Chi Fraternity of P. S. C.
- Nutrition Aides of the Cooperative Extension Service
- The Denzil Smith Family
- Richard Church for donation of a Refrigerator

If anyone would like to apply for or desires information on the donated food program, feel free to contact us.

PLYMOUTH PUBLIC LIBRARY

Annual Report—1970

To the Trustees:

This has been a year of adjustment for our library. The school library is growing and better able to give service to students, so the library can put more emphasis on service to adults and pre-school children. Our book purchases have been more than usual in the areas of picture books for the little ones and of crafts, travel, ecology, history and general reference for adults.

The Young Ladies' Library Association has taken care of their building for us by providing a new roof and a coat of exterior paint. The Association has also contributed a handsome new book case and \$300.00 for the purchase of books, as well as a sum for refreshments and materials for special events.

As the result of our participation in the Statewide Library Development Program, giving free service to residents of nearby towns, our library received a grant of \$540.00 from the State Library Commission. This sum went toward the purchase of a new section of vertical file for the storage of pamphlets and pictures, a small table to display a plant or bouquet of flowers, and a collection of recordings. A part of it also helped to buy a new card catalog case.

As always, a group of one-of-a-kind activities had our special attention. A summer reading program for elementary school children, with the theme from "The Wizard of Oz" was carried out. The Headstart class visited the library for a conducted tour and a story. A class from Waterville Valley school had a lesson in the use of libraries. An exhibit of books and travel folders to help in the planning of vacations was a popular offering. An open House Day was observed in celebration of National Library Week.

CIVIL DEFENSE DEPARTMENT REPORT—1970

16 February '71

Town of Plymouth, N. H.
Board of Selectmen

Gentlemen:

As you well know, I was given a total of \$600.00 for 1970 in which to purchase equipment for 4 new men. This was done, but because of job changes, moving out of town, and various other reasons, I lost 4 of the older men so I really didn't accomplish any changes in manpower structure.

As usual my unit worked with the Ambulance service and attended classes to better ourselves in all fields pertaining to our unit.

The Unit sponsored Plymouth's first Fishing Derby for the youngsters of Plymouth and it was a tremendous success. We will hold another one this year.

We always stand ready to help in any way that we are needed in Plymouth, N. H.

REPORT OF PARK AND RECREATION DIRECTOR

The institution of a new system of fees and charges for some activities, moving our office from the Methodist Church to Fox Park to the Plymouth AREA High School, the late opening of school in the fall, having to wait until December before using school facilities, and some unanticipated problems and delays in connection with construction of outdoor facilities on the school site have made the past year interesting, eventful, and at times frustrating.

Much progress has been made at Fox Park on Langdon Street. The old dock, which was rather dilapidated and dangerous, has been torn down. A new sign has been erected near the entrance. Additional tables have been placed in the picnic area. A scoreboard has been added to the athletic field. Horseshoe courts, box hockey games, a sandbox, and tetherballs have been installed. And, an apparatus area with swings, seesaws, slide, climber, whirl, spring horses, and a horizontal ladder has been developed.

The activity program ran smoothly for several months, came to an abrupt halt in the fall, and then resumed again in December when school facilities were made available for park and recreation use. The amazing thing is that despite the problems and delays the program statistics for the nine months from April 1 thru December 31 still compare quite favorably with those recorded during the previous two years.

A partial listing of some of the activities offered since the last annual report includes swimming instructor, a community choral group, baton twirling for girls, hot wheels races, family swimming, junior high dance parties, tee baseball, lassie league softball, senior canteen dances, twilight basketball, bantam baseball, tennis instruction, arts & crafts, summer beach parties, moonlight movies, a trip to a Red Sox game, biddy soccer, flag football, a play marathon, ice skating, a big Hallowe'en celebration, peewee basketball, skiing, men's basketball, and summer playground. Growth has occurred, and it can be expected to continue in the future.

Looking backward we've come a long way in the last two or three years. Looking forward the journey has just begun. As stated in last year's report, the Park and Recreation Department has passed beyond the stages of infancy and childhood and entered into the realm of adolescence. Now is the time to start thinking about moving forward into adulthood.

WILLIAM H. BROADRICK, JR.

Park and Recreation Director

INFORMATION BOOTH REPORT

Board of Selectmen
Town of Plymouth
Plymouth, N. H.

Gentlemen:

The Information Booth was opened June 27th, 1970 and closed September 6th, 1970.

Miss Hazel Downing operated the booth, serving during the season 4,912 cars and 14,633 people. This was an increase of 566 cars and 1,043 people over the 1969 season.

Inquiries were made by people from every state in the United States except Hawaii, Idaho, Mississippi, Nevada and North Dakota, from every province in Canada except Manitoba, Newfoundland, Prince Edward Island and Saskatchewan and from sixteen foreign countries, not including Canada.

The Chamber of Commerce wishes to express its gratitude toward the voters of the town for their assistance in supporting the booth.

PEMI-BAKER HOME HEALTH AGENCY, INC.
ANNUAL REPORT TO THE TOWN OF PLYMOUTH

During the year, 1970, the agency made 1,835 nursing visits and 158 physical therapy visits to patients in Plymouth. This makes a total of 1,993 professional visits for the year. This is an increase of 331 visits over 1969.

This year we are making a request for \$1,994 from the town of Plymouth. Based on the 1970 census, this amount represents 46 cents for each population member.

Though this is an increase over what we have requested in previous years, it is only a small portion of our total operating budget of \$30,902 and is considerably less than most towns in New Hampshire contribute toward a comparable service.

1970 was a busy and fruitful year producing a Subdivision Regulation plan now ready for your approval with a great deal of work and thought applied and assistance hereby acknowledged for efforts extended by V. Michael Blake—State of New Hampshire's planning office.

Comprehensive master plan progress report to date includes completion of Phase I complete soil survey with 5 interpretations as well as the housing survey completed by Environmental Consulting group of Hanover, N. H. — Phase II in progress now consisting of traffic analysis — downtown and bypass.

The land use survey enabling Plymouth to get the most from the land by using it wisely — these two plans to be completed this year after careful use of all data that can be gathered. We solicit your cooperation and wish to thank everyone for every effort extended the Plymouth Planning Board this past year and all look forward to productive years ahead when all this careful planning and study will produce the desired results expected.

AUDITORS' REPORT

As prescribed by law, we have examined the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Trustees of the Trust Funds, Treasurer of the Library Trustees, Treasurer of the Park and Recreation Commission, Justice of the District Court and Tax Collector.

The records of the individual receipts were found to be correctly cast and properly vouched. We have verified cash balances and reconciled bank statements for such officials as have town business accounts.

We have examined the securities in the Trust Funds. We have inspected the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Trustees of the Town Trust Funds, Road Agent, Chief of Police, and Clerk of the District Court.

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if an incinerator, grass burning, as well as garden trash and brush burning such burning is restricted by regulation to prior to 9:00 A. M. and after 5:00 P. M. with the following exceptions:
Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.
2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help", and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

STATE	484 fires	—	244 acres
DISTRICT	46 fires	—	16 acres

STATE OF NEW HAMPSHIRE

To the inhabitants of Plymouth Village Fire District qualified to vote in District affairs:

You are hereby notified to meet at the auditorium of the Area High School on Thursday, the eleventh day of March, next, at seven thirty o'clock in the afternoon to act on the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose one District Commissioner for the ensuing three years.

Article 5. To see if the District will vote to raise and appropriate the sum of Ten Thousand Two Hundred Dollars (\$10,200.00) for hydrant rental for the ensuing year.

Article 6. To see if the District will vote to authorize the Commissioners to borrow such sums of money as may be necessary to pay debts of the District and to give notes therefore, countersigned by the District Treasurer.

Article 7. To see if the District will vote to appropriate for the purpose of executing the first part of a three part program for the renovation of the District reservoir system and to raise the same by authorizing the Commissioners to borrow a sum not to exceed Forty-Five Thousand Dollars (\$45,000.00) through the issuance of a note or notes of the District in accordance with the Municipal Finance Act.

Article 8. To see if the District will vote to authorize the Commissioners to make application for and to accept and expend on behalf of the District, any and all grants or offers from State or Federal Government available for the purpose of defraying expenses in the renovation of the District reservoir system.

Article 9. To see if the District will authorize the Commissioners to negotiate for and lease approximately three acres of land owned by the District near the sewerage treatment plant to the Town

of Plymouth for the purposes of erecting town sheds for the Highway Department, said lease to be conditional upon the Town of Plymouth voting to raise and appropriate finances necessary for the construction of the same.

Article 10. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 22nd day of February in the year of our Lord nineteen hundred and seventy-one.

PROPOSED RENOVATION OF RESERVOIRS

In 1971 the Commissioners would like to complete part I of a three part project for the long overdue renovation of our reservoir system.

The small reservoir is unusable at the present time due to an improper drainage system when cleaning and has a high iron count due to seepage from the ground.

When the project is complete the quality of the water will be improved, and the reservoirs can be easily cleaned. The usable water storage will be increased to five million gallons, which we will need in the near future, instead of $2\frac{1}{2}$ million gallons which we have at the present time.

Part I

- a. Install proper drainage for the small reservoir for cleaning.
- b. Completely cement bottom and sides of the small reservoir.
- c. Install cement wall around the small reservoir thereby raising overflow elevation to equal that of large reservoir.
- d. Install proper drainage for cleaning the large reservoir.
- e. Cement bottom of the large reservoir.

Part II.

- a. Cement sides of the large reservoir.
- b. Install a cement wall completely around the large reservoir.
- c. Install surface water drains on the south and west side of the large reservoir.

Part III

Using walls that were installed around the reservoir in parts I and II a floating cover can be installed to protect the water from algae in the summer and from dirt, leaves, pine needles, animals, birds that can get in the water when uncovered.

1970 WORK REPORT

In 1970 2,092 feet of pipes from $\frac{3}{4}$ " to 8" were installed and 2 hydrants were added to the system on the Cookville Road.

The old gas engine at the upper pumping station was replaced with a variable speed drive electric motor so that water can be pumped from 350 gallons per minute to a maximum of 900 gallons per minute to furnish water to the high level storage tank.

The Sewage Treatment Plant had a total of 160,942,400 gallons enter the plant. From this influent 253,264 gallons of sludge was processed to produce $288\frac{1}{2}$ cubic yards of filtered sludge which weighed 403,900 pounds.

To process this sludge required 14,400 pounds of hydrated lime, 1,926 gallons ferric chloride and 17,774 pounds of chlorine gas. $20\frac{1}{2}$ cubic yards of sand was removed from the influent.

The total cost to operate the treatment plant and the two sewer pumping stations for 1970 was \$67,931.06.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Although school opened late because of construction problems, classes and programs are operating smoothly.

Ample time was allocated for the building to be ready on time but matters beyond the control of the School Board and/or the architect caused a delay.

The State Board of Education has approved a shortened school year of 175 days which means closing for the summer late in June.

We are looking forward to working with the elementary school. There are changes to be made so the Elementary Minimum Standards can be met by September of 1972. However, many areas such as art, music and physical education need only an extension of programs already in operation. It is our hope to provide an education for Plymouth elementary pupils commensurate with that offered over the years by Plymouth State College.

The District has been, in my opinion, fortunate to have been furnished this type of elementary education at a very reasonable cost. The contention that the expense was more than the amount charged has been validated in preparation of the first budget for 1971-72.

The high school year to date has been better than normally might have been expected. Some difficulties resulted from moving into a new building. Changes in curriculum have taken place and more will follow as we discover the needs and desire of the students.

It might be well to comment on the construction phase of the school plant. True, problems have been discovered and plans are being formulated to make corrections. For a building the size of ours this is not unusual. In general we have a well engineered, versatile school that should meet the needs of our students for many years. The basic construction is sound.

The approval of Federal Funds to the amount of approximately \$54,000 from the Department of Resources and Economic Development should enable us to develop the site far beyond that which most schools have. Playing fields, playground equipment, tennis and basketball courts as well as nature trails and a ski lift will be available on school property.

Insofar as practicable we have taken advantage of the many Federal programs available for schools. Title II ESEA is being used to build up the library. Title III NDEA has approved an application for one-half the cost of the new Language Laboratory, and Vocational Education made a grant of \$5,900 to improve the Business Education and Home Economics courses. At the present time other areas of financial assistance are being explored.

A Title III application for helping students with learning problems has been resubmitted. It is hoped that funding for the next fiscal year will be approved. This is a Supervisory Union Project which, if implemented, would establish Special Classes for pupils needing extra instruction.

The School Lunch program has proven to be very good and is popular with students. Participation has more than doubled over last year.

I appreciate the support of the school board, faculty and townspeople in accomplishing what has been done in the way of better education for our youth. You can be assured we shall do everything possible to keep costs within reasonable limits and at the same time maintain an excellent school.

Respectfully submitted,

M. WAYE BOWIE

Superintendent

EXPLANATION OF SUPERINTENDENT'S SALARY

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the superintendent of schools as per the follownig quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is probated among the several school districts of the union on the basis of adjusted valuations. One half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$12,500, which was received by the superintendent of schools of Supervisory Union No. 48 during 1969-1970 was made up as follows: \$4,000.00 paid by the State of New Hampshire and \$8,500.00 prorated among the several school districts. Allowance of \$1,400.00 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

PLYMOUTH AREA HIGH SCHOOL

Principal's Annual Report

February 1, 1971

I hereby submit my nineteenth annual report as Principal of Plymouth Area High School.

Our staff has eight new teachers this year: Miss Wilson, Mathematics; Mr. McLane, Mathematics; Mr. Parr, Guidance; Mrs. Goodale, Music; Miss Benoit, Girls' Physical Education; Mrs. Badger, Library; Mr. Begor, Business and General Mathematics; Mr. Skinner, General Science. Our school is pleased to have these people working with us.

The students, faculty and I wish to thank the people of the Area for the new facilities in which we are now operating. The school has a cheery, pleasant environment, which should improve as good weather comes along. We are proud to have this wonderful building and we thank you for making it possible.

The estimated enrollment figures for the school year 1971-72, as of February 1, 1971, are as follows:

Class of 1972	110
Class of 1973	103
Class of 1974	127
Class of 1975	120

Graduates of the Class of 1970

Four-year colleges	30
Two-year colleges	20
Armed Forces	8
Employed	59
Post Graduates	4

I wish to express my appreciation to the School Board, Superintendent Bowie, teachers, parents, and citizens for their help and cooperation during the past year.

Respectfully submitted,

PLYMOUTH ELEMENTARY SCHOOL
PRINCIPAL'S REPORT
School Year 1969-1970

May I take this opportunity on behalf of the college to express our sincere thanks to the people of Plymouth for their cooperation and understanding over these many years the elementary school has been a part of the teacher training program. We hope our good relations continue as we can perceive great benefit for our students in the new school building.

This year is promising to be a tremendous educational learning experience for the faculty and the children. There is little question in my mind that with the flexibility of your new building and opportunity for innovative approaches to education, a modern on-going educational program will continue.

REPORT OF THE SCHOOL NURSE

The following is a report of the health program for the Plymouth Schools for 1970:

This year Dr. F. D. McIver, school physician, completed physical examinations for 211 pupils plus 34 pre-school children.

The Matching Fund Dental Health Program provided appointments with Dr. Donald Whitesell for seven children.

A Rubella Immunization Clinic was held in April 1970. Dr. McIver was assisted by Mrs. Arline Bownes, Mrs. Dawn Lewis, R. N., and Mrs. Barbara McGlone, R. N. On this day 89 children received immunization.

Kindergarten registration was held in April. Dr. McIver, assisted by Mrs. Elaine Mayhew, completed physical examinations for 34 children. Mrs. Lance, R.D.H. of the New Hampshire Bureau of Dental Public Health completed dental examinations for these children.

The pupils in Plymouth schools are fortunate in having the services of a speech therapist and school psychologist available to them. Mrs. Jane Hartman conducts a speech therapy program twice a week in her office at school. Dr. Robert Page of the Lakes Region Mental Health Clinic has an office in the Guidance Department and is in Plymouth every other Monday.
